ACTIVITY LOCATION SUPPLEMENT

Final Report

Award period July 1 to June 30 – Final Report due no later than July 31st

The National Endowment for the Arts now requires the ICA to report the locations of all granting activities. This data is useful because it shows where grants have impact rather than where the check was sent.

For example, a theater group may perform at several different schools. By tracking these locations we can show that the grant affects many communities, not just one.
